## EXPERIENCE

### SOFTWARE DEVELOPER (CO-OP) - HOOTSUITE

Vancouver, BC

SEPTEMBER 2016 - APRIL 2017    PHP / Twig    SASS / LESS / CSS 3    JavaScript / ES6    Craft CMS    WordPress

- Worked on full-stack agile web development team to deliver customer-facing webpages across three platforms
- Assisted in complete migration of marketing website from eZ Publish to Craft CMS
- Worked with multi-disciplinary teams to create CMS components to achieve business goals

### UNDERGRADUATE TEACHING ASSISTANT - UNIVERSITY OF BRITISH COLUMBIA

Vancouver, BC

- Leading laboratory exercises for ~30 UBC undergraduate students
- Meeting with course instructors, providing feedback on work, marking, and hosting office hours to field questions

#### SOFTWARE CONSTRUCTION (CPSC 210)

SEPTEMBER 2017 - PRESENT    Java    IntelliJ    Git / GitHub

#### COMPUTATION, PROGRAMS, AND PROGRAMMING (CPSC 110)

MAY 2016 - JUNE 2016    Racket

## PROJECTS

### DROPTABLE - CPSC 304 (RELATIONAL DATABASES) PROJECT    PHP / MySQLi    SQL    Bootstrap

- Working in a team of 4 students, designed and implemented a (normalized) database application that performs some basic functionality necessary in a restaurant setting

### TCRG.CA - TERMINAL CITY ROLLER GIRLS    PHP / Wordpress    SASS / CSS 3    JavaScript / ES6

- Working from a graphic designer's prototype, singularly created and launched new [terg.ca](http://terg.ca) WordPress site with custom "TCRG" theme in February 2017 to replaced badly-neglected 9-year-old Drupal site

## EDUCATION
